FLOORWISE

FOR CASINO PROPERTIES

Train your leadership team *on one standard.*

An online course in casino math and management for supervisors, managers and department heads. Built for new-manager onboarding, cross-training and property openings.

Every	Self-paced	Verifiable	Live
DEPARTMENT	AROUND SHIFTS	CERTIFICATES	TEAM DASHBOARD

THE GAP

Promoted for excellence. Never taught the math.

Most managers earn their seat by running a great operation, then get asked whether a comp pays for itself, whether a promotion made money, or why hold fell. Floorwise teaches the numbers and judgment behind those calls.

WHAT EACH LEARNER GETS

- Theo, hold, WPUPD, player worth, comps and promotion ROI
- The P&L, flow-through, budgeting, F&B and hotel (RevPAR)
- Case files and judgment drills built around one casino
- Department certificates with a verifiable ID
- Lifetime access, self-paced, works around shifts

WHO BUILT IT

Floorwise was built by a casino executive with more than 14 years in the industry: years spent traveling the country training casino leaders on gaming systems, then running departments inside a regional casino resort.

Educational content, not legal, regulatory or financial advice. Certificates confirm course completion and are not a license or accredited credential.

WHAT YOUR PROPERTY GETS

- Department tracks matched to each role
- A team dashboard showing progress and certificates
- A results report and a check-in on every pilot
- One invoice a year, paid by bank transfer or card

START WITH A PILOT

5 learners · $2,495

90 days of dashboard and reporting, a day-60 check-in and a day-75 results report. Move to an annual license within 90 days and the full $2,495 counts toward it.

ANNUAL LICENSES

Team · up to 15 new learners a year	$7,500
Leadership · up to 30, plus quarterly reviews	$12,500
Enterprise · several departments or properties	From $25,000

Invoiced once a year. Never renews automatically. Every learner keeps lifetime access.
